

## Advanced Pathwork Studies Teacher Training 2008-2009 at Sevenoaks Pathwork® Center

*“Whatever I already am, I want to devote to life. I deliberately want life to make use of the best of what I have and who I am. I may not be sure at this moment in what way this could happen, and even if I have ideas, I will allow for the greater intelligence and wisdom deep within to guide me... For whatever I give to life, I have received from it, and I wish to return to the great cosmic pool to bring more benefit to others. This, in turn, must inevitably enrich my own life to the exact measure that I willingly give to life: for truly life and I are one.” — Pathwork Lecture 138*

### Advanced Pathwork Studies Teacher Training

This two-year program will take place on 4 three-day weekends at Sevenoaks Pathwork Center. Each three-day training will focus on deepening conceptually and experientially into the wisdom central to the Pathwork. Students will learn skills, methods, and practices and will apply them to their personal process. This program is the prerequisite for Helper Training and will qualify you to teach basic Pathwork concepts. It will also help you deepen into the wisdom and practice of the Pathwork teachings as applied to your life goals, whether you are entering other advanced Pathwork training or in your life's work.
